PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience shipping production web applications in React.js, Spring Boot, and Java. Reduced page-load latency by up to 40% on a live education platform and delivered a multi-module enterprise business portal end-to-end. Skilled in RESTful API design, relational database architecture, and end-to-end Agile feature ownership from requirements through production deployment. Familiar with CI/CD pipelines, Docker containerization, and deploying applications on cloud platforms such as AWS, Railway, Vercel, and Render.

TECHNICAL SKILLS

Languages: Core Java, Advanced Java, JavaScript (ES6+), SQL

Frontend: React.js, React Hooks, React Router, HTML5, CSS3, Material UI (MUI), Axios

Backend & APIs: Spring Boot, RESTful APIs, Microservices Architecture, Swagger, System Design Fundamentals

Databases: MySQL, PostgreSQL

DevOps & Cloud: CI/CD, Jenkins Pipelines, Docker, AWS (Basics)

Deployment Platforms: Railway, Vercel, Render

ServiceNow Platform: ITSM, CSM, Business Rules, Client Scripts, Script Includes, UI Policies, UI Actions, Flow Designer, GlideRecord, ACLs, Import Sets, Update Sets

Tools & Methodologies: Git, GitHub, Postman, VS Code, Agile/Scrum, SDLC

PROFESSIONAL EXPERIENCE

Full Stack Developer **Mar 2026 – Present**
Sandspace Technology Pvt Ltd *Vijayawada, India*

- Architect and maintain 2 production client platforms, pairing React.js front-end layers with Java-based microservices to power full-stack delivery.
- Build the client-facing course discovery and enrollment interface for TEGA (tegaedu.com); apply React lazy loading and memoization alongside secure API integrations to reduce page-load latency by up to 40% and stabilize data flow under production load.
- Develop the Sahasra Exports & Imports enterprise web portal, featuring 3 integrated modules – dynamic product catalogs, client inquiry forms, and third-party logistics tracking – via REST API integration.
- Design relational database schemas across both production applications and optimize MySQL queries, streamlining data retrieval and reducing redundant query overhead.
- Collaborate with a cross-functional team of 6-10 in Agile sprints to translate business requirements into technical specifications, conduct peer code reviews, and ship iterative production releases.

PROJECTS

TEGA – Educational Platform *React.js, REST APIs, Responsive Design*

- Developed a complete educational web app with dynamic gallery systems, modular course structures, and a streamlined registration pipeline.
- Authored a custom, reusable UI component library built on atomic design principles, ensuring seamless cross-browser accessibility and accelerating future feature development.

Sahasra Exports & Imports Portal *React.js, Java, REST APIs, Performance Optimization*

- Delivered a high-performance business web application supporting full catalog displays, real-time client inquiry processing, and dynamic freight calculations.
- Implemented lazy-loading splits and data-caching mechanisms to optimize performance across low-bandwidth network environments.

React ServiceNow Incident Management App *React.js, ServiceNow REST API, Axios, React Router*

- Created a lightweight, standalone CRUD application integrated with ServiceNow APIs to perform high-speed incident queries and real-time record sorting.

Custom Enterprise ServiceNow Application *ServiceNow, JavaScript, Flow Designer, Import Sets*

- Constructed scoped applications utilizing custom tables, roles, and workflow-driven closure logic powered by Flow Designer.
- Managed structured data migration, transformation maps, and update tracking packages using Update Sets and Import Sets.

EDUCATION

Andhra University 2020 – 2024
Bachelor of Technology in Electronics & Communication Engineering (GPA: 7.6/10.0), Vizag, India

Sri Chaitanya Junior College 2018 – 2020
Intermediate – MPC (GPA: 8.36/10.0), Andhra Pradesh, India

PV High School 2018
Secondary School Certificate (GPA: 8.3/10.0), Andhra Pradesh, India

CERTIFICATIONS

- Full Stack Java Development – QSpiders
- ServiceNow Developer Certification – Udemy
